Garib Samruddhi Yojna (GSY).

Government of Gujarat
Urban Development & Urban Housing Department

Resolution no. GSY:102007/1199/Dh

Sachivalaya, Gandhinagar

dated 30/4/2007

Read:-

1. Principal Secretary, Urban Development & Urban Housing Department's D.O.Letter no. GSY:102007/1199/Dh dated 28/3/2007.
2. Urban Development & Urban Housing Department's resolution no. MIS:2006/0194/B dated 31/1/2007.

Preamble:-

Gujarat has been exhibiting very high economic growth during 10th five year plan. The success of Vibrant Gujarat Global Summit 2007 and the Vibrant Gujarat Urban Summit 2007, shows the growing confidence of private sector investors. Various Towns and Cities have attracted nearly 70 % of the investment in and around them. These will have far reaching implications in the way slums and squatter settlements in urban areas of Gujarat are going to multiply in the near future. Hence adequate response system is immediately required to tackle the anticipated manifold issues in future urbanization.

The Urbanization in Gujarat is well above the national average at about 40%, and is estimated that it would reach 50% by the end of the year 2011 i.e. faster than anticipated earlier. The heavy influx of investments will result in generating more jobs requiring more migration of people from other areas, not only from Gujarat but also from across the country. This could create a higher demand on our existing available basic infrastructure facilities, and basic services which presently requires further augmentation and integration.

It is in this context that Government vide their resolution dated 31/1/2007 mentioned at reference no.2 have mandated a 20% reservation in all funds and grants devolved to the urban local bodies for the purpose of enhancing urban basic infrastructure in the slum areas. Further, it was also mandated that all the ULBs shall necessarily spent 20% of their respective revenue income towards the same cause.

Hon. Chief Minister had announced a state level consolidated programme for the deprived Urban Poor "**Garib Samruddhi Yojna**". The scheme envisages a holistic approach for providing better standard of living at par with Urban populace, by coordinating and integrating various programmes undertaken by different Departments. The expenditure for
